

Here are your printable Party Animals from Chachke Designs!

The instructions for creating your own Party Animal products are pretty simple.:

1. Print this page at full scale from your PDF reader to yield the dimensions listed above each design - I recommend using heavy white cardstock for best results.
2. Trim just inside the black lines provided.
3. Pick your project - punch a hole in the top center and add the tie of your choice (colorful ribbon or yarn works great) to create fun and unique gift tags, use them in scrapbooking, add adhesive and use them as stickers, adhere them to the front of a notecard and write a personal message inside...it's up to you!

If you like these and want to see more from my Party Animal line (gift tags, birthday party invitations, thank you cards, and cupcake toppers), please visit my shop at chachkedesigns.etsy.com.
